

Lazy Mondays at Trecento

How to eat a Neapolitan pizza:

As you may have noticed, great Neapolitan pizza is “floppy” – and a slice should not be able to hold its own weight. As such – now is the opportunity to give your slice some structural integrity. If you don’t, then all the awesome toppings will just slide off the pizza when you pick it up... so here is our guide to getting that sweet sweet pizza in your mouth Neapolitan style!

1. 'The Fold' as you pick up the slice, fold it in the centre to form a boat..
2. 'The Flip' flip the top inwards, to secure the beautiful toppings!
3. 'The Best Part' put that tasty little parcel in your mouth and enjoy!
